TO: The Honorable Joseph Chachkin  
Administrative Law Judge

**EXTRAORDINARY SHOWING**

Trinity Christian Center of Santa Ana, Inc., d/b/a Trinity Broadcasting Network (TBN), by its undersigned counsel, hereby submits this "Extraordinary Showing" requesting the Presiding Officer to allow TBN to submit into evidence as part of its showing concerning its renewal expectancy for WHSG-TV, Monroe, Georgia 400 "Verified Statement[s] of Support for the Renewal Grant of WHSG-TV, Monroe, Georgia" from viewers of WHSG attesting to the impact of the station's programming on their lives. As grounds for its Extraordinary Showing, TBN shows and states as follows.

1. The Presiding Officer has limited the number of affidavits or declarations from witnesses attesting to the station's performance to 30 (Tr.8-9), and has foreclosed the possibility of a hearing in Monroe where the witnesses' testimony

may be heard (Tr. 5-6). The evidence provided by the witnesses' demeanor is thus not possible. Absent a grant of its Extraordinary Showing TBF will be limited in showing its entitlement to a renewal expectancy because it is: 1) being limited to a small number of witnesses on its behalf -- less, in some instance, than that permitted FM renewal applicants in other cases; 2) foreclosed by the procedure from gaining the impact, force and credibility that the live testimony of its witnesses would provide; and, 3) limited because much of its programming, religious programming, prompts a subjective and personal response from the station's viewers whose impact may be less credible absent live testimony.

2. The 30 witnesses to which TBN is limited compares unfavorably to the number of witnesses permitted in other cases where the licensee had a great deal less at stake. For example, in Pillar of Fire, 99 F.C.C.2d 1256, 56 R.R.2d 601 (Rev. Bd. 1984), an AM station licensee was allowed to present the testimony of 31 witnesses and a sampling of 1593 letters from the public. In Intercontinental Radio, Inc., 98 F.C.C.2d 608, 56 R.R.2d 903 (Rev. Bd. 1984), the licensee was allowed the benefit of 50 public witnesses and 14 unsolicited complimentary letters from the public. In Radio Station WABZ, Inc., 90 F.C.C.2d 818, 51 R.R.2d 1507 (1982), the licensee was able to put on 40 witnesses on its own behalf. In short, the evidence which TBN here requests the Presiding Officer to accept as part of its renewal expectancy showing is not of a greater amount or of more difficulty to absorb than what is normally considered in the renewal of a radio station.

3. The limited number of witnesses permitted restricts the number of people from the general public which TBN may present to show that its programming meets the needs of the community and is appreciated by the members of its viewing audience. This limitation is particularly disabling to TBN because it imposes a Hobson's choice--if it relies on the testimony of its regular viewers it deprives itself of the testimony of community leaders and others who have a more long term relationship with the licensee, who may be more knowledgeable about the station's entire record, and who may testify in more traditional terms concerning the station's record. If the station relies on community leaders, TBN loses the unique view of its record provided by its regular viewers, who, because of its format, have a unique relationship to the station and extraordinary stories to relate concerning how the station's programming has impacted their lives. As the Commission has observed in other renewal cases, the station's "regular viewers are in the best position to judge the station's performance." Radio Station WABZ, Inc., supra, 51 R.R.2d at 1527. See also, Intercontinental Radio, Inc., supra, 56 R.R.2d at 921. These are precisely the viewers that the limitation on witnesses requires TBN to limit or exclude from its witness list.

4. Much, in fact most of TBN's programming is religious in nature. Such programming, as held by the Review Board in Pillar of Fire, supra, 57 R.R.2d at 614, is a cognizable portion of an incumbents service to its community. The Review Board stated it this way: "[r]eligious programming responsive to needs is credited

as part of a renewal expectancy." See also, Radio Station WABZ, Inc., supra, Intercontinental Radio, Inc., supra, 56 R.R.2d at 925 (noting the importance of religion in the African-American community). Under Pillar of Fire, then, TBN may show that its religious programming treats real human and community needs, which the witness limitation restricts its ability to do.

5. Feedback from the community is particularly necessary to gauge the public interest value of TBN's programming. Because of its religious format, TBN's programming is directed toward people and gauges its effectiveness primarily if it provokes a response from viewers. That programming is designed to appeal to individual viewers and to persuade them to take specific actions. Not only are viewers, as the statements submitted show, invited or exhorted to become believers, they are also invited or exhorted to do specific acts, such as giving up addictions to alcohol or drugs, to improve their education, or to treat others with kindness, tolerance, respect and love, which are clearly in the public interest. Because the results of so much of TBN's programming promotes changes in individuals which can only be considered in the public good, the impact of this programming--its effectiveness--is an important part of the station's claim to a renewal expectancy which the procedural limitations in this case foreclose it from proving.

6. The submitted testimony also shows that TBN's programming serves the public interest in real and dramatic ways. Among the testimonies presented are testimonies of individuals who credit the

programming which they saw on WHSG for: ending an addiction and dependence to drugs; ending alcohol abuse; and giving hope and encouragement to elderly and shut-in people. In this context, the Commission has properly determined that the religious nature of the programming is largely irrelevant if the programming treats real needs. "The mere fact that presentation may be bracketed within a religious genre does not disqualify it from being considered responsive to the public interest." Pillar of Fire, supra, 57 R.R.2d at 612, n.26. Clearly news and public affairs programming which treats what is clearly a major problem in the greater Monroe and Atlanta area, such as drugs, is in the public interest. Shouldn't TBN be allowed to present evidence to show that it serves the public interest by broadcasting programming which is credited by some individuals of curing or alleviating their alcohol and drug abuse problems? Isn't programming which ministers to the needs of elderly and shut-in people in the public interest? TBN should be allowed to make a showing that its programming impacts some people's lives in exactly this way, and, therefore, that it serves the public interest.

7. TBN's program format, and the relationship between the station and its viewers, creates a unique connection between the station and the community on which TBN should also be allowed to present evidence. TBN should be allowed to present evidence concerning what its station means to its viewers. TBN's program service and mission are not limited to the presentation of informative programming. Its raison d'être is to cause some people

who are addicts to give up drugs and alcohol, or to give hope and encouragement to someone who may be depressed, isolated, or feeling alienated. This personal relationship between its viewers and the station is an important part of the station's renewal expectancy which the existing limitations do not allow TBN to prove.

8. Wherefore, TBN respectfully requests that the attached "Verified Statement of Support for the Renewal Grant of WHSG-TV, Monroe, Georgia," numbering 400, be accepted and included in the record of the captioned proceeding.

Respectfully submitted,

at home for six weeks. I don't like  
watching all the talk shows & their topics.  
Nor am I interested in soap operas. I was  
very thankful to have Ch 63 to occupy  
my time. Besides preaching & gospel music,  
they have ~~do~~ doctors and nutritionist to  
teach us how to eat better & healthier. Also,  
a financial teacher to help me budget my  
money etc.

What I have described is true. I give this testimony under penalty  
of perjury of laws of the state of Georgia, and I understand that this  
completed form will be submitted to the Federal Communications Commis-  
sion in connection with WHSG-TV's renewal application.

It was through television that I came  
to Chapel Hill. The Lord actually "called" me  
through the T.V. program. I was delivered  
from alcohol, prescription drugs (injections)  
of healed all manner of things. I was  
so impressed with the different facets  
of ministry here their preaching out with  
the Word of the Lord to save, & heal,  
& restore! I just hope & pray God will  
not allow TBT's ministry to hurting  
people to cease. There are many needs  
in our Nation as in need of a touch  
from God & TBT is a leading hand, a  
reaching hand, a vessel of restoration to  
the lost, the sick, the creation of the Lord!

Channel 63 has been such a powerful  
blessing to our family. We have been privileged  
to enjoy programming covering such important  
topics as current events, nutrition and  
fitness, and family issues. It has brought  
a ray of hope, uplifting and encouraging  
us during dark hours. We look forward to  
the FCC's renewal of Channel 63's license  
to continue their fine work.

TBN has enabled me to see & hear the  
word of the Lord from various persons from around  
the country whom I may have never seen if it  
wasn't for TBN. Watching the channel enables  
me to call in for prayer when I really need it  
the most during the most down-times of my  
life. It has enriched my life to see other  
Christians around the country & to know we  
all believe in Jesus Christ.

(Describe in your own words, how watching channel 63 has affected

Television has been banned in my household  
for 3 years because there was nothing  
wholesome or decent to watch. Channel  
63 is the "only" channel that is allowed  
to be viewed in my home. Due to the  
spiritual nature of the Benny Hinn  
show, I have received 2 healings from the  
Lord through him. I have received many  
other blessings from the broadcast. When  
I have a tough day at work, it feels  
good to come home and be able to  
watch something that can lift me back up.

IT IS THE BEST THING THAT COULD EVER

OTHERWISE. IT IS A BLESSING TO BE ABLE TO

BLESSED. SOME HAVE RECIEVED THEIR SAL-
